*Analysis by TVS REGZA Corporation based on the BCN Ranking's data of sell-out sales quantity share (24.1%) in the Japanese market from January to December 2022, including LCD and OLED TVs up to Ultra HD 4K, and both smart and non-smart, with at least one digital TV tuner, which was published in January 2023.

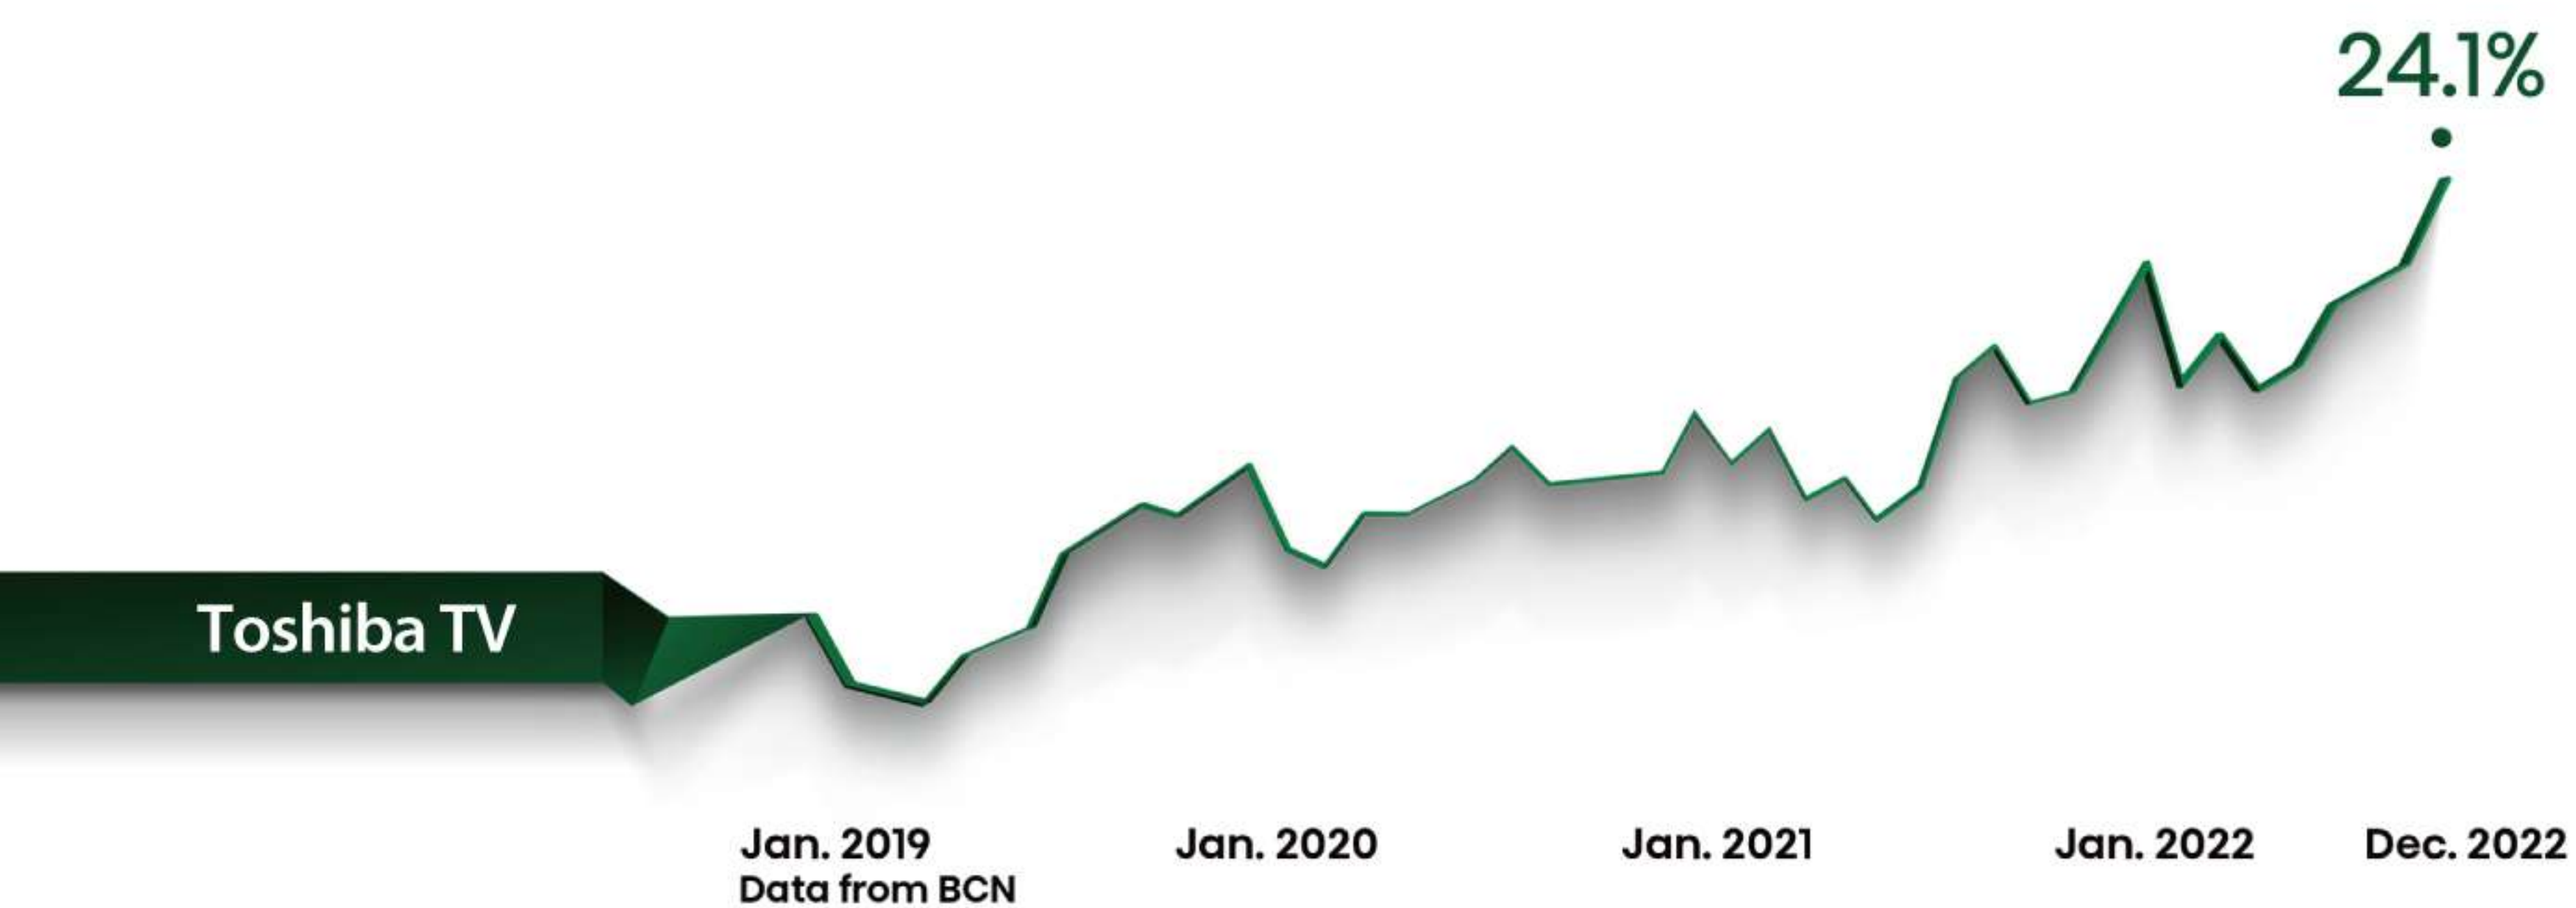

Why Toshiba TV

No.1 TV Brand in Japan*

Toshiba TV has become Japan's top-selling TV brand in 2022 with 24.1% sales share due to its rebranding efforts and innovative REGZA ZR Technology. The company's commitment to improving technology, quality, branding, and sales activities has resulted in a better viewing experience for customers. Toshiba TV plans to expand its success overseas by applying its successful strategies and continuing to innovate to create an even better viewing experience.

*Disclaimer: Analysis by TVS REGZA Corp based on BCN Ranking's Jan. 2023 sell-out data of annual sales quantity in the Japanese market (24.1%) from January to December 2022, including LCD and OLED TVs, up to Ultra HD 4K, and both smart and non-smart, with at least one digital TV tuner.

History of Toshiba TVs

Toshiba TV has over 70 years of proud history, dedicated to providing excellent picture quality, realistic sound projection, and cutting-edge ideas to better your viewing experience.

Essential Beauty and Craftsmanship

Toshiba TV pursues the philosophy of "Essential Beauty" which is made based on the horizontal and vertical lines in the living space, it makes the living room look stylish by merging into its surroundings.

Committed To The Future

Future for Our Planet

Toshiba TV is committed to playing a leading role in helping establish a sustainable society. Toshiba TVs get ROHS certified, which aims at restricting the use of hazardous materials, and is designed to have little damaging effect on the environment. The pursuit of Toshiba TV is to create a better earth environment and life.

Green Packaging

Eco-Friendly TV

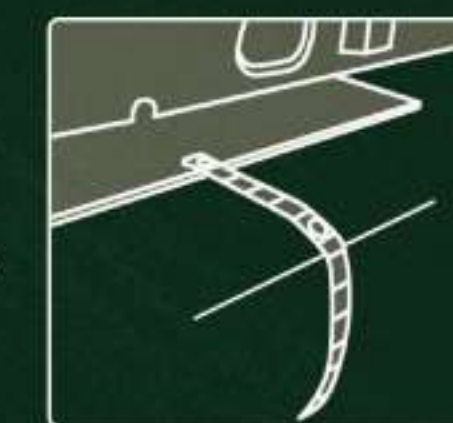

Future for Our Children

Make the TV more stable and safer to prevent injury

Toshiba TVs come with Anti-tip Clip that help secure the TV to wall or furniture to make the TV more stable and safer to prevent a Flat Screen TV from tipping over.

Anti-Tip Clip

Only for the model with P-clip

Eye-friendly TV viewing with advanced tech

Our anti-reflection tech reduces glare and enhances clarity, so you can enjoy your favorite content without squinting to see. And with our AI Auto View Pro tech, the screen brightness automatically adjusts to the surrounding environment, ensuring your visual comfort and reducing eye strain.

Anti Reflection

AI Auto View Pro

REGZA ZR Technology

Next-Level Viewing Delight Embark on a Visual and Audio Journey of Wonder

REGZA Engine ZRI is Toshiba's newly introduced AI revolutionary Engine in 2023. The machine learning algorithms automatically optimize the picture and sound based on what you're watching and your environment, resulting in an immersive viewing experience.

Takumi

Meticulously designed by audio-visual professionals for superior performance.

Authenticity

True-to-life picture and sound with automatic optimization based on content and environment.

Responsibility

Efficient use of resources for the optimal viewing experience.

MINI LED 4K

Unprecedented contrast and brightness for every scene

See every strand of hair and read the subtlest emotions on your favourite actor's face in both the darkest and brightest scenes. Toshiba TV's Mini LED 4K technology delivers extraordinary contrast and colour accuracy, allowing you to become a part of the story and experience their emotions as your own.

Mini LED 4K

Experience super-bright highlights and rich blacks

More LEDs means more precision and control. So, we've filled the Z870's Mini-LED 4K screen with thousands of tiny lights. Each 1/100 smaller size the size of standard LED, bringing extraordinary contrast and color accuracy for brighter, more realistic images.

Conventional LED backlight

Toshiba Mini-LED backlight

Full-Array Local Dimming Pro

Masterful control of LED backlighting for striking visuals

Discover the magic of a starry night or vibrant city lights, as Full-Array Local Dimming Pro transforms any scene into a breathtaking spectacle. Toshiba TV ensures the deepest blacks and the most radiant whites, creating an immersive, cinematic experience that captures the essence of every moment.

REGZA ZR PICTURE

OLED 4K

OLED 4K

Redefine everything with self-luminous

Powered by the self-luminous technology of the professional REGZA engine, Toshiba OLED TV has 8 million self-luminous pixels together to produce perfect black, ultimate brightness, accurate colors, and realistic picture. Everything you see is at an unprecedented high level.

Tru Color OLED

Accurate color, natural reality

The Tru Color mapping technology equipped in the REGZA Engine OLED allows the picture professionals to more precisely calibrate the colors than conventional models. As a result, Toshiba's OLED TV makes the OLED display provides a theater-level color accuracy to bring the naturally vivid colors to life.

Perfect Black

Perfect black with tremendous contrast

Millions of self-luminous pixels can individually and precisely turn on and off to make perfect blacks and bright highlights. This is Toshiba OLED TV's capability to bring as black as midnight darkness, while the peak brightness can be as shiny as sunny field. Finally, perfect black with tremendous contrast brings out delicate shadow details in the darkest scenes.

QUANTUM DOT 4K

Vibrant Hues for a Mesmerizing Experience

Dive into a more captivating world with ZR Colour, powered by Toshiba's REGZA Engine ZR. Witness stunning visuals as Quantum Dot Technology and Colour Remaster Pro work together to deliver over a billion shades, expertly tuned for breathtaking realism.

Quantum Dot Color

Experience a billion shades of enhanced colour

Toshiba's Quantum Dot Technology creates vivid, lifelike colours. As the Quantum Dot expands the colour range, offering rich and realistic visuals, it ushers in the future of television viewing. Immerse yourself in an exciting and authentic watching experience, with every detail and nuance heightened.

Color Re-master Pro

Enjoy naturally vivid colours with every view

Discover Toshiba TV's ground-breaking Color Re-Master Pro. Your viewing experience is converted into a canvas of reality by automatically remapping and optimising colours at the image level.

Game Mode Pro

Maximize gaming dominance with unrivalled precision and responsiveness

Lead your team to victory in your favourite battle royale game, as Game Mode Pro delivers beautiful, smooth, and quick response gameplay. Toshiba TV's Game Mode Pro enhances your gaming experience with colour correction fully optimized for gaming. Experience the advantage of gaming features such as AMD FreeSync Premium, VRR 144Hz, and ALLM, and immerse yourself in a gaming world where every moment counts.

144Hz Native Panel

Experience fluid perfection

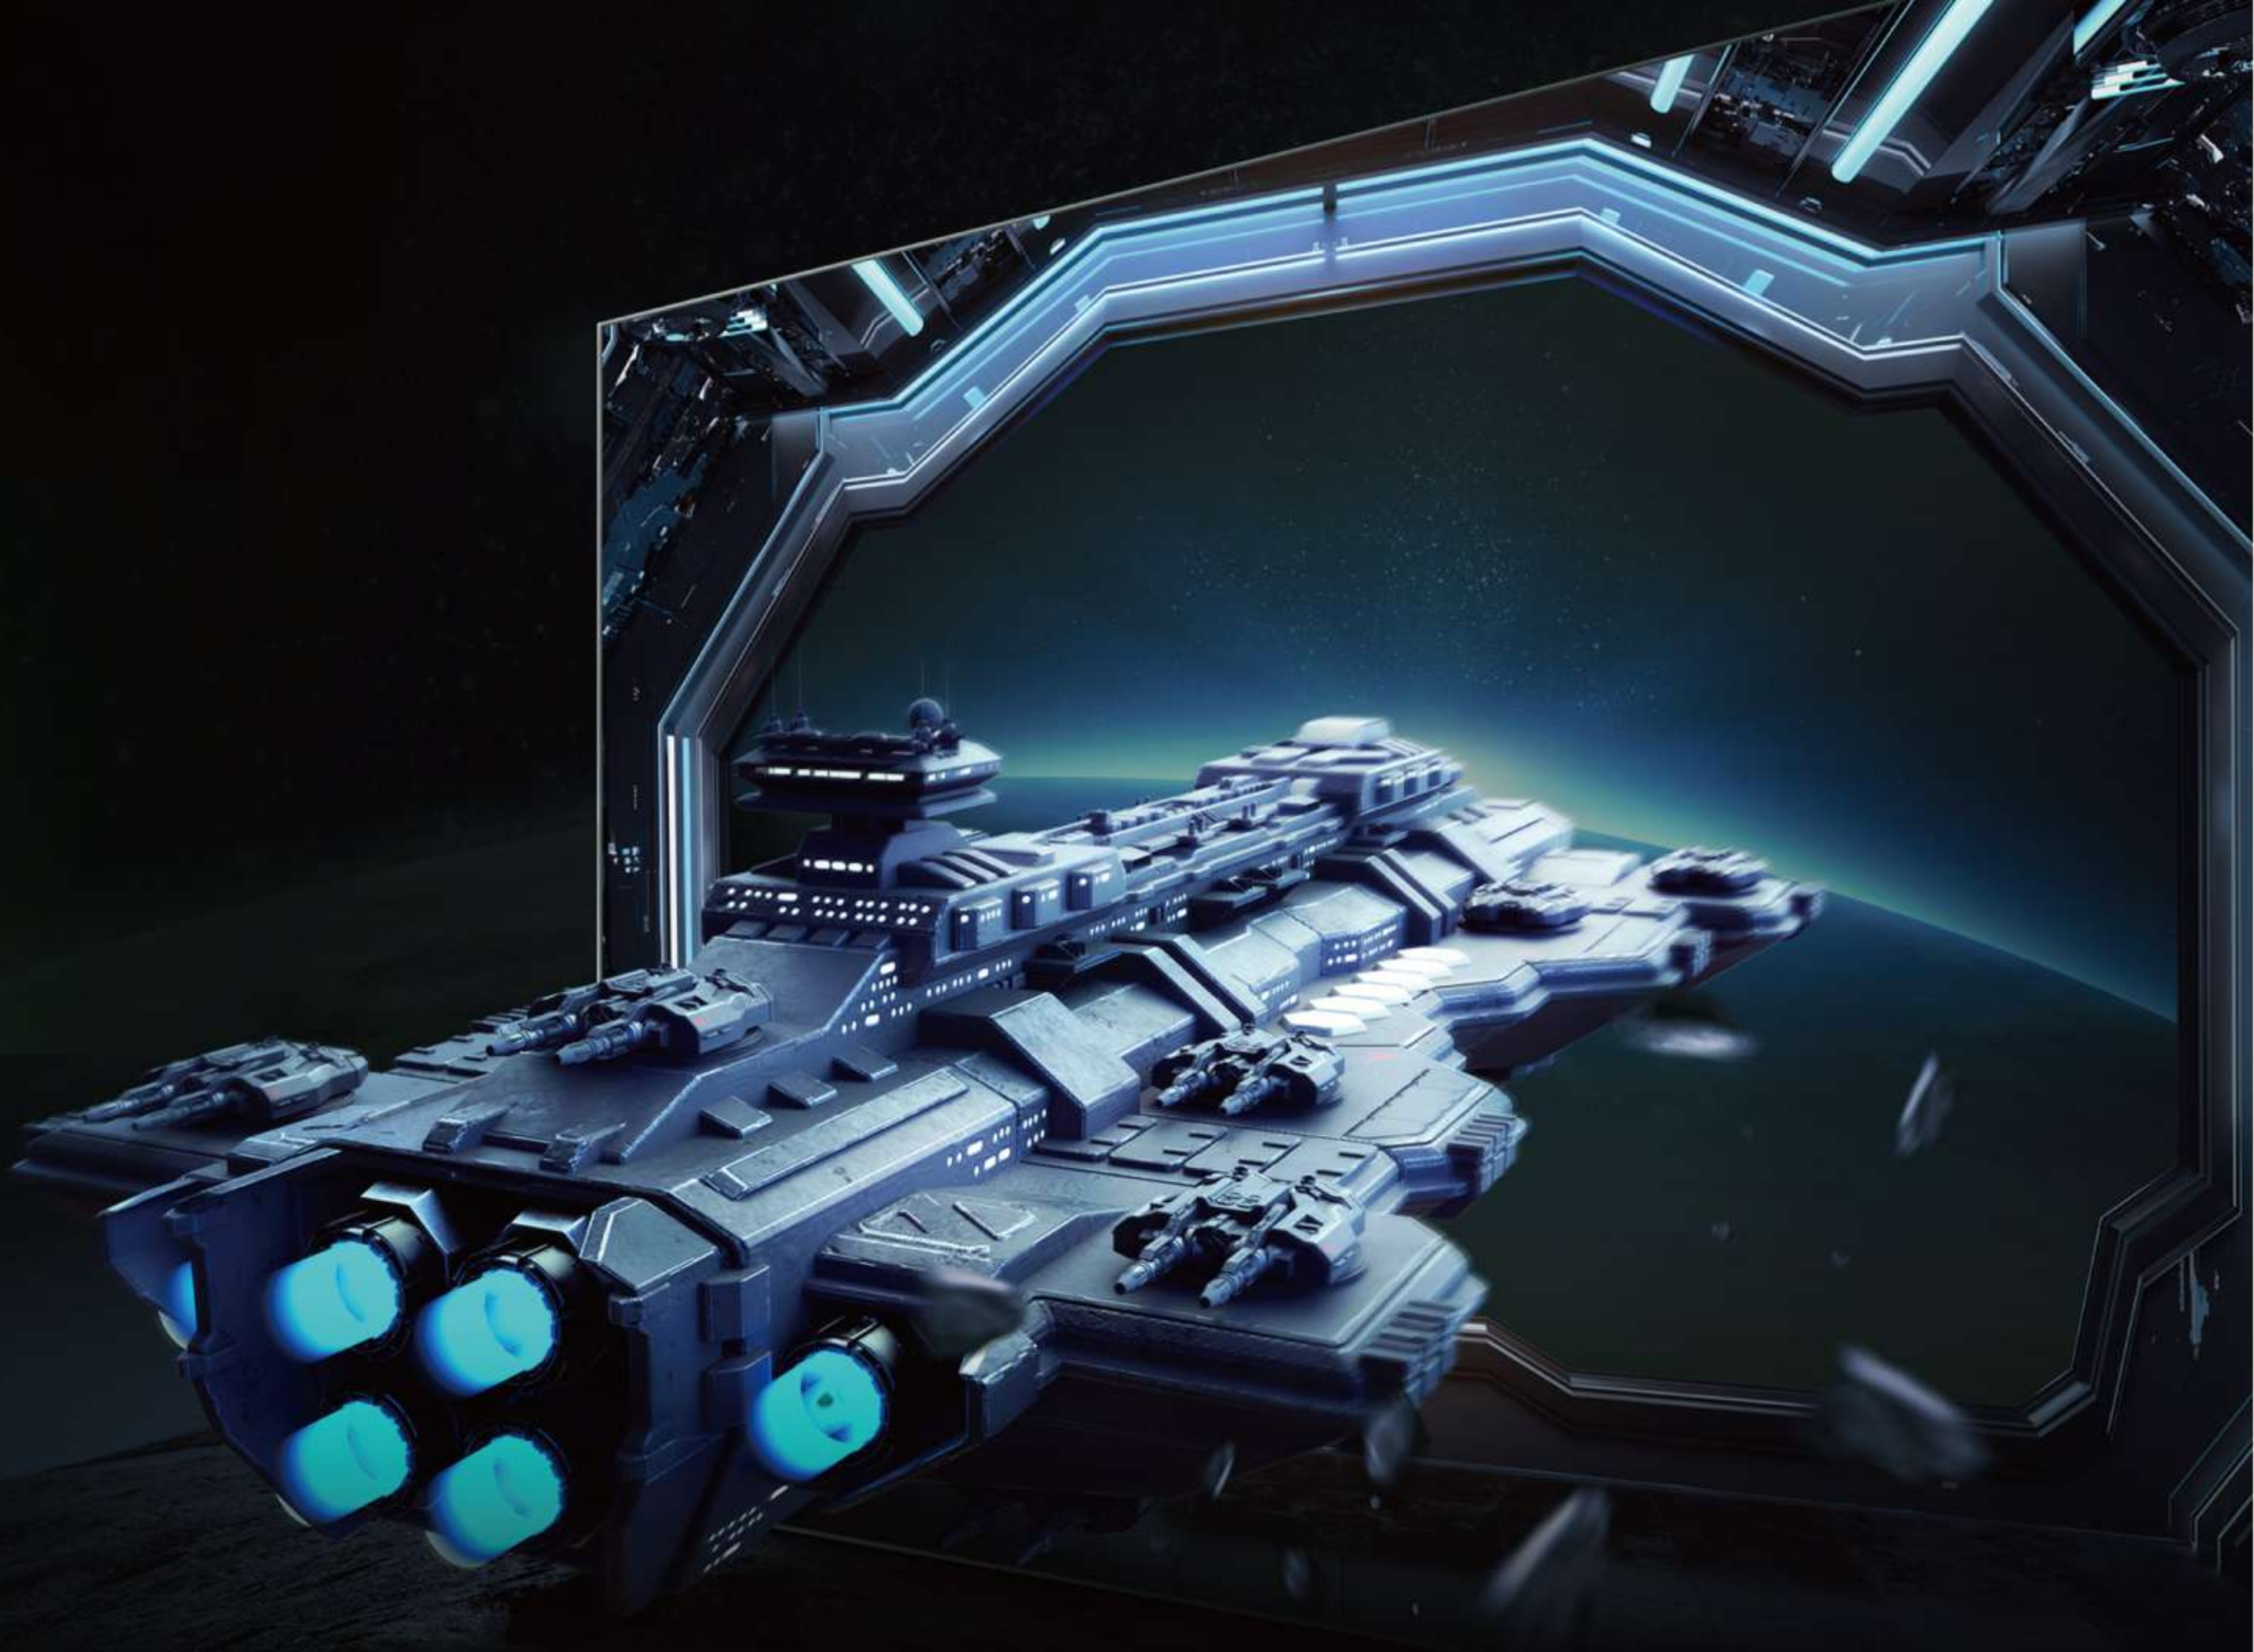

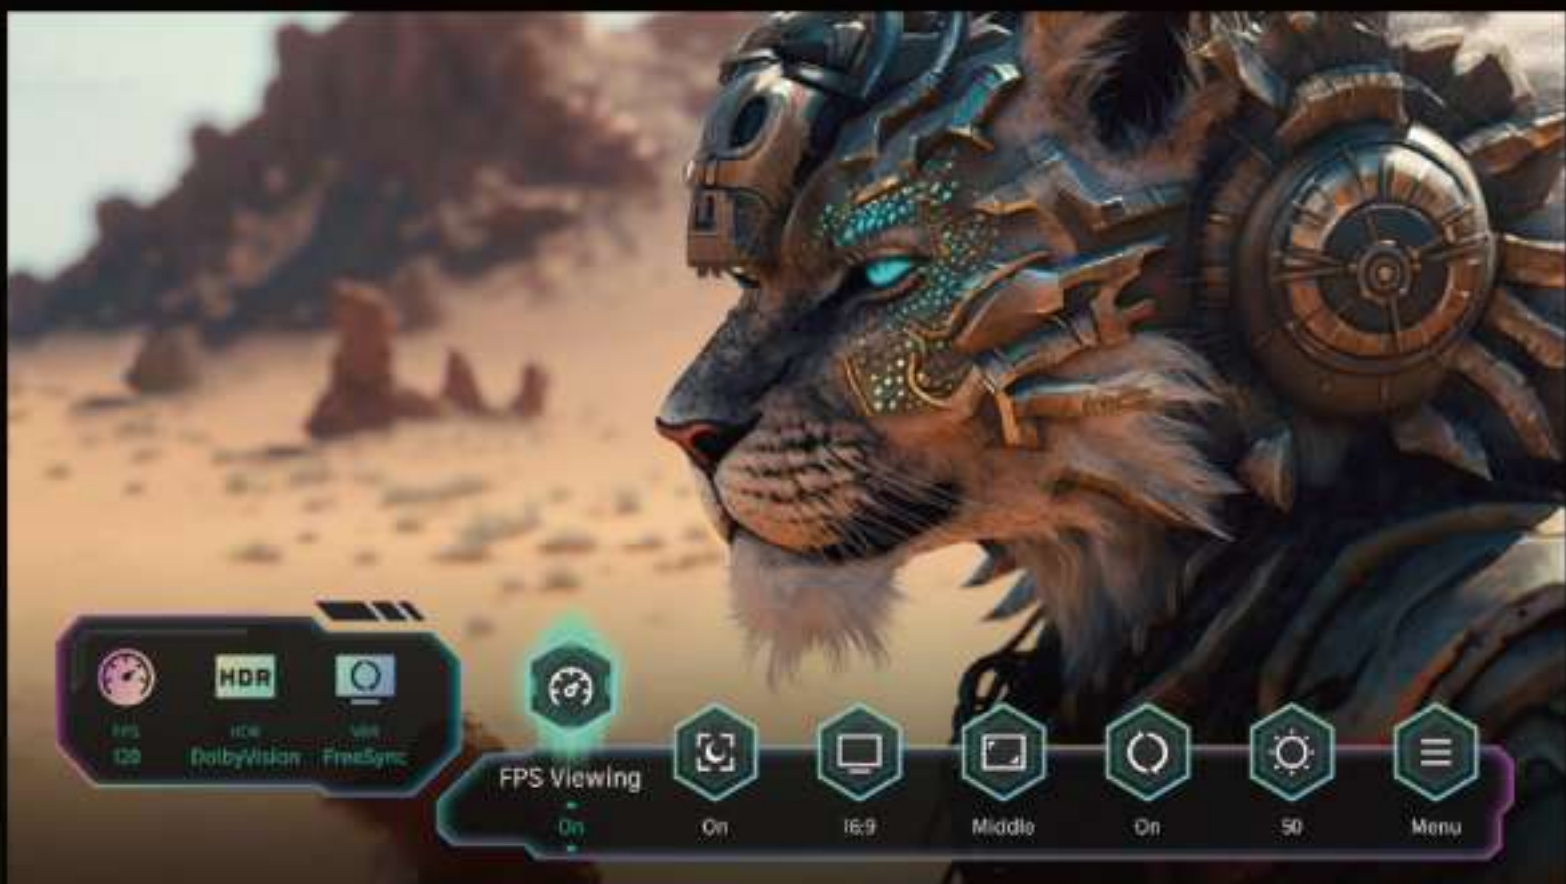

Witness the breathtaking action of an expertly choreographed fight scene. Native 144Hz Native Panel delivers life-like smoothness and sharper details. With the highest native display refresh rate capability, ensuring fast-moving images come alive before your eyes, captivating you with unmatched clarity and fluidity.

Game Deck

Enhance your gaming, without leaving the action

Make sure your games look and feel next level without leaving the action. Game Deck puts all the information you need in one place. Letting you fine-tune your display settings and giving you total control over your TV's performance when it matters most.

Never lose a frame

For gamers, every second counts. It's the difference between winning and losing. AMD Freesync VRR 144 is built to keep up with the action with no tearing or stuttering. Guaranteeing smooth, lightning-fast gameplay with ultra-low input lag so you can grab another edge-of-your-seat victory.

Level up your gaming

Experience the power of Toshiba TV's Auto Low Latency Mode (ALLM) as it connects your gaming device to the TV flawlessly. Enjoy a gaming experience that is free of interruptions and delays, with every move greeted with an immediate reaction. Lag is no longer a source of dissatisfaction with ALLM.

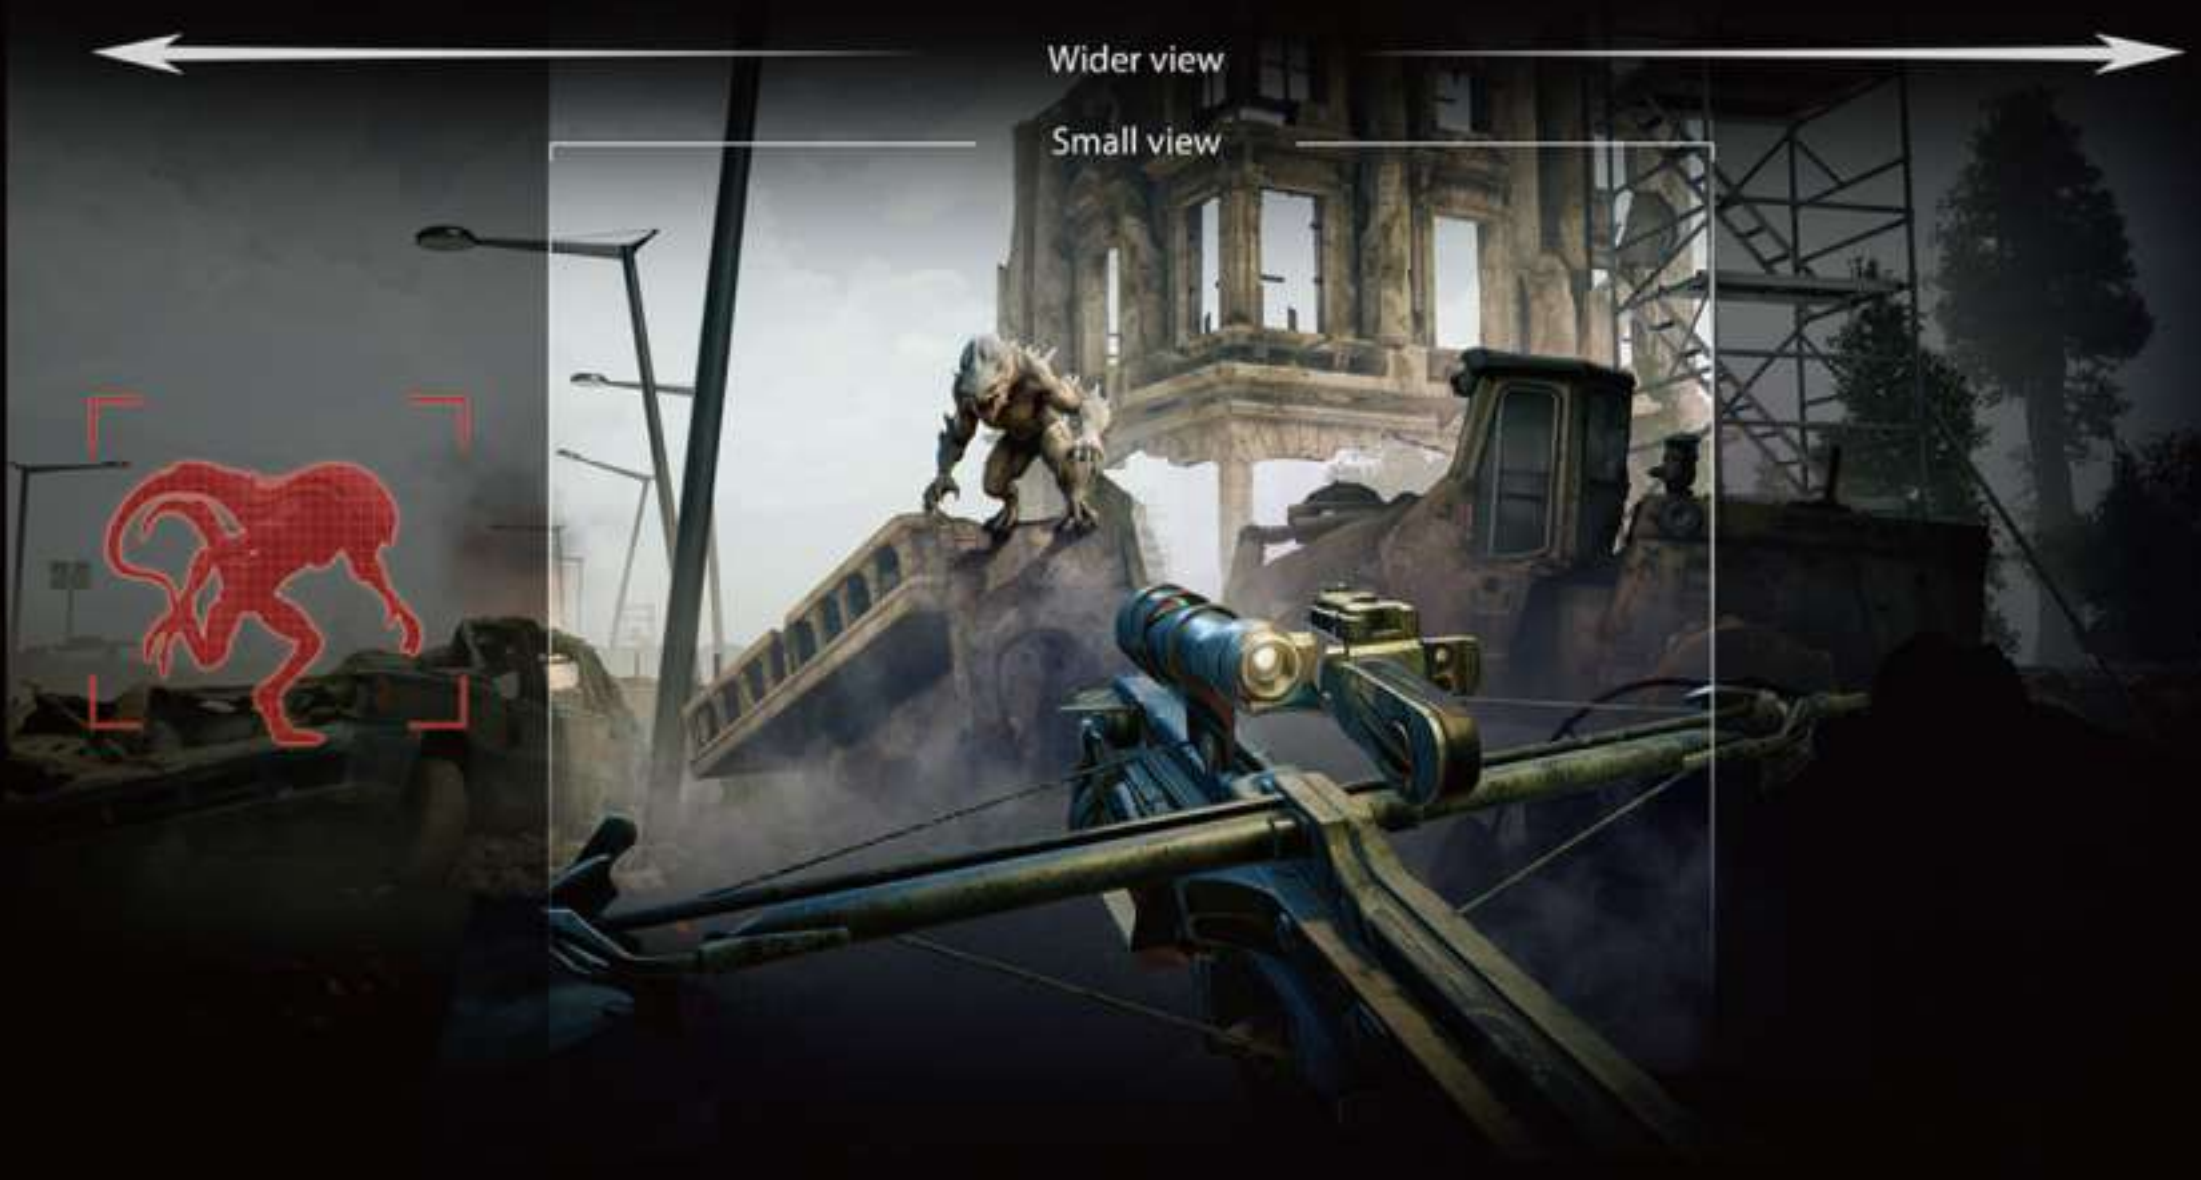

Gaming in Dolby Vision

Discover more detail with the full-spectrum visuals of Dolby Vision®. See more of your favorite games to level up your gameplay with brighter highlights, sharper contrast, and more vibrant colors when you play in Dolby.

Optimize your view, dominate your game

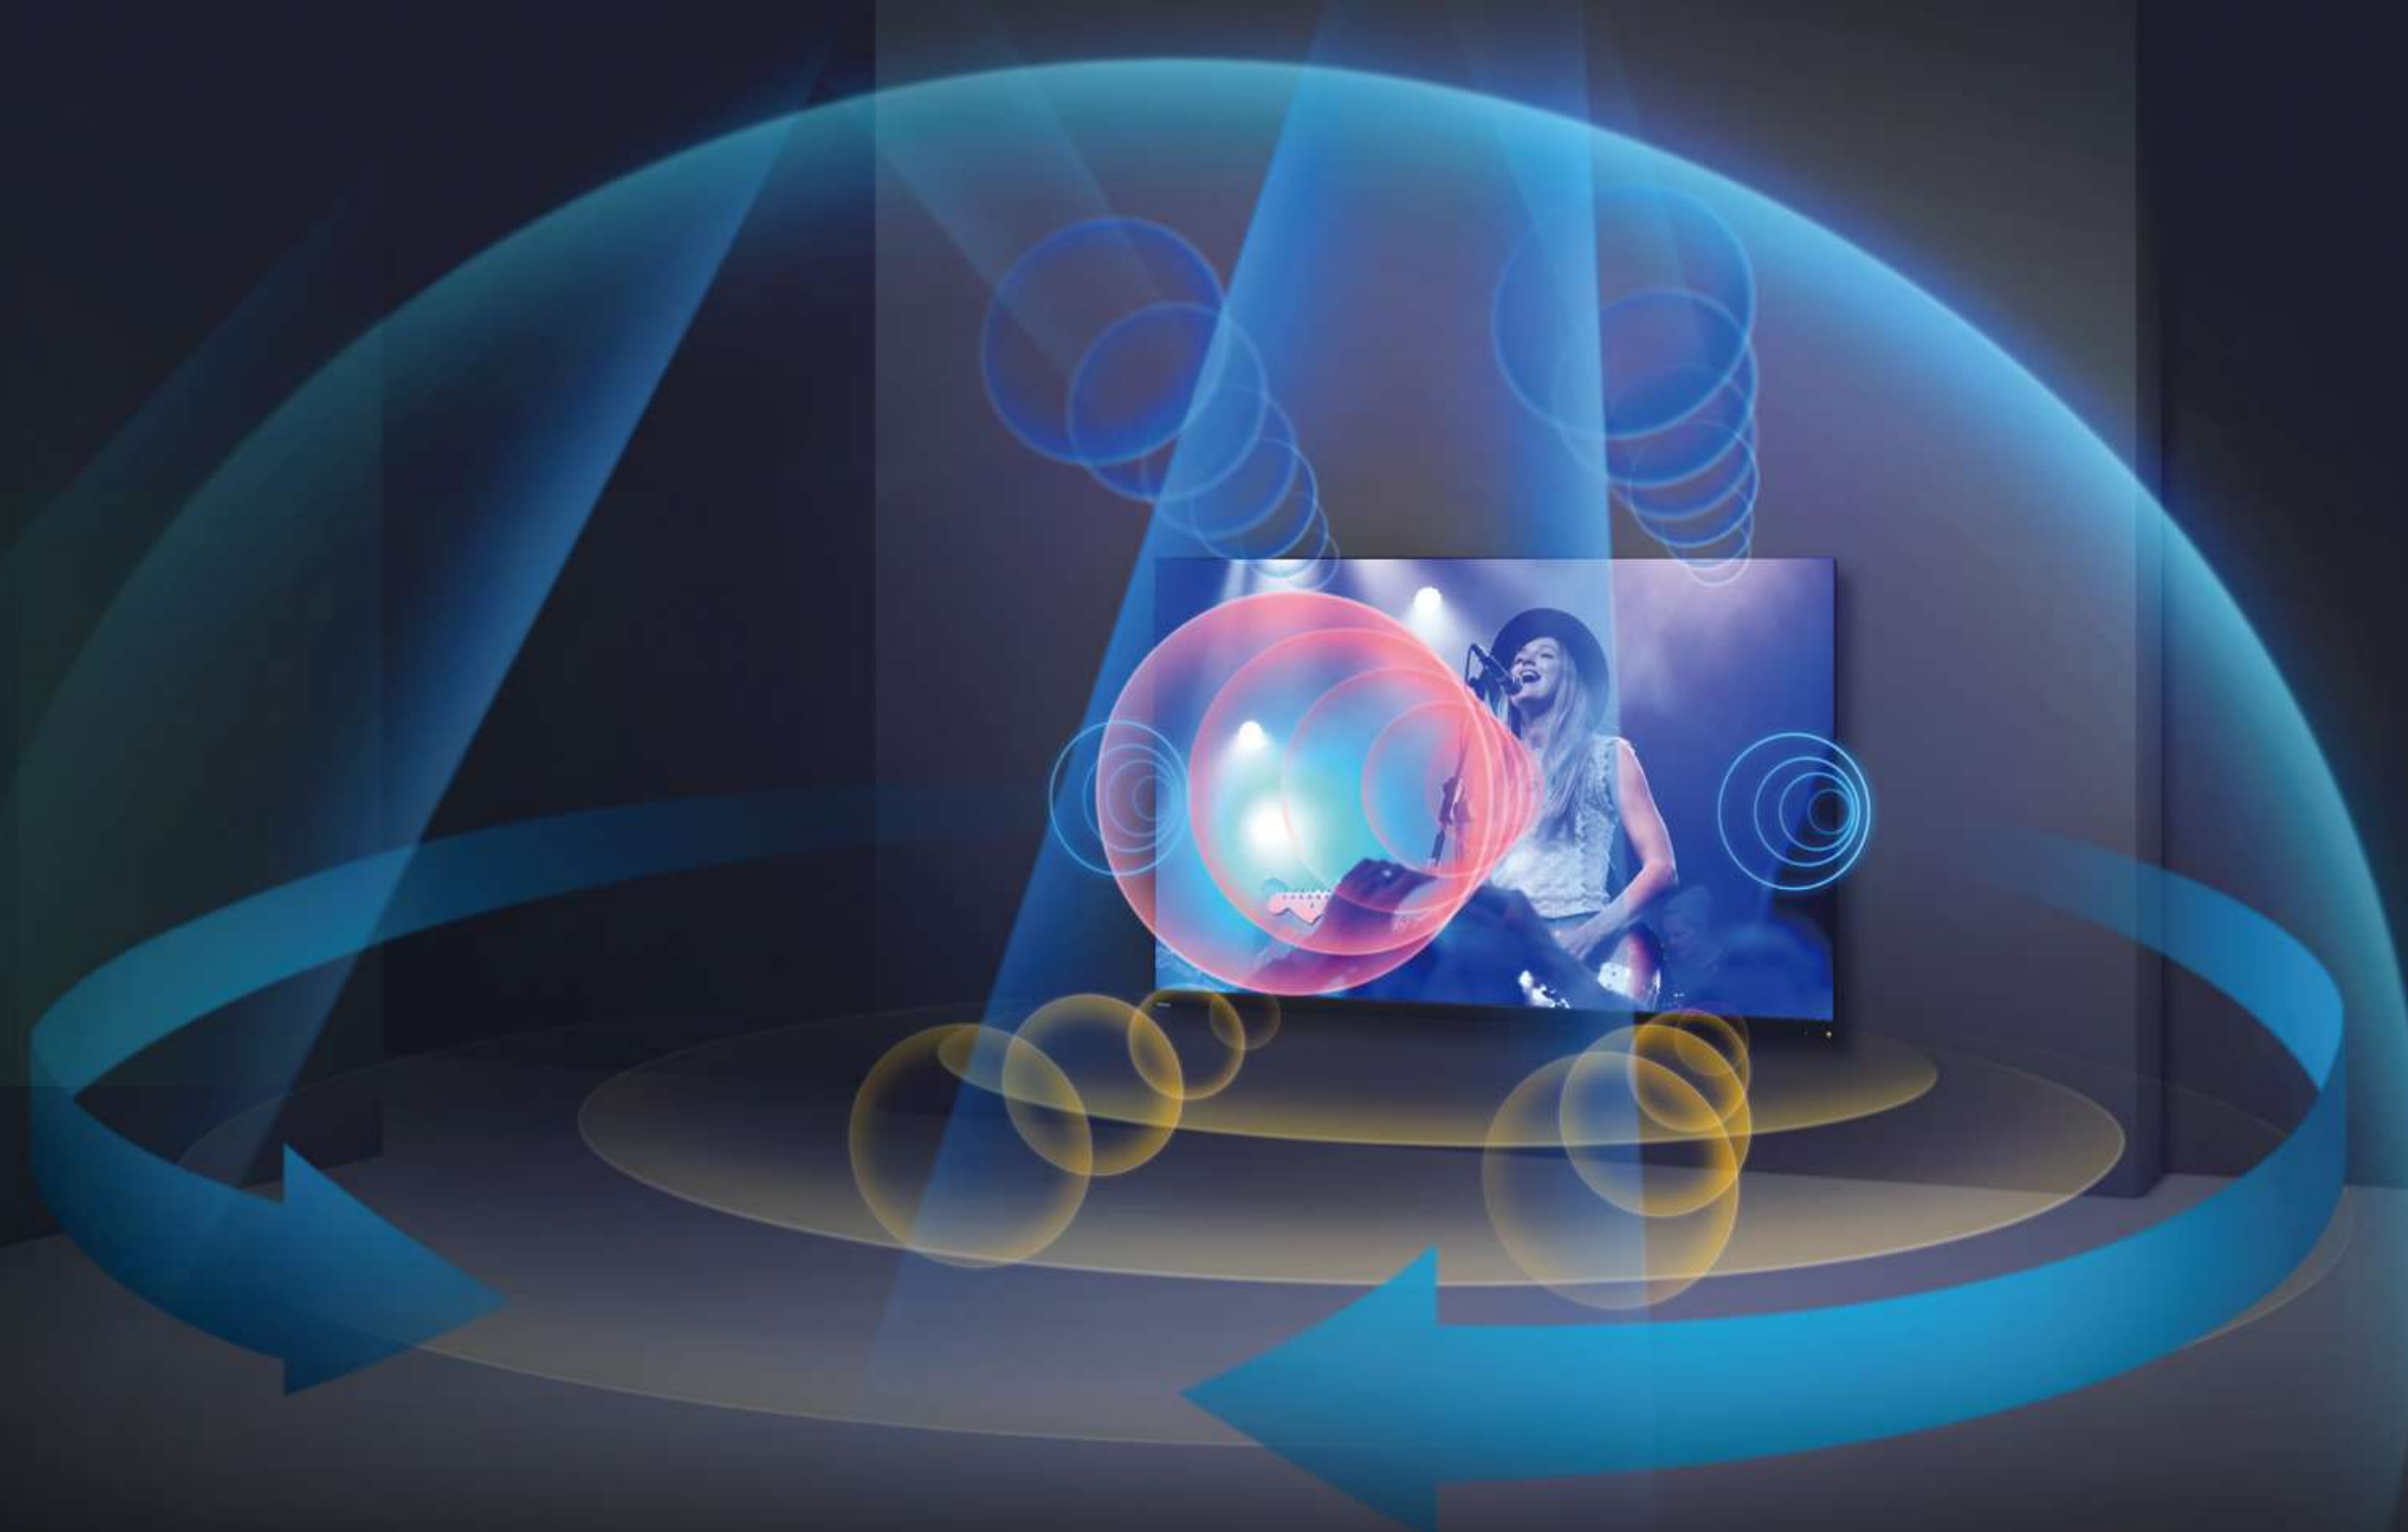

Maximize your gaming potential with our advanced screen picture adjustment technology, which enables you to customize your gaming experience according to your unique style and preferences.

REGZA Power Audio Extreme

A deeply immersive experience by being enveloped in unparalleled theater-quality sound

REGZA Power Audio Extreme combined the "Tru Bass Processor" and "TRU screen sound" with "REGZA 3.1.2 surround sound" technology, through a deep understanding of the secret of psychoacoustics, it brings intelligent matching of different frequencies of sound, to produce more unbeatable and powerful sound for your entertainment.

Tru Screen Sound

Dynamic sound follows what happens on the screen

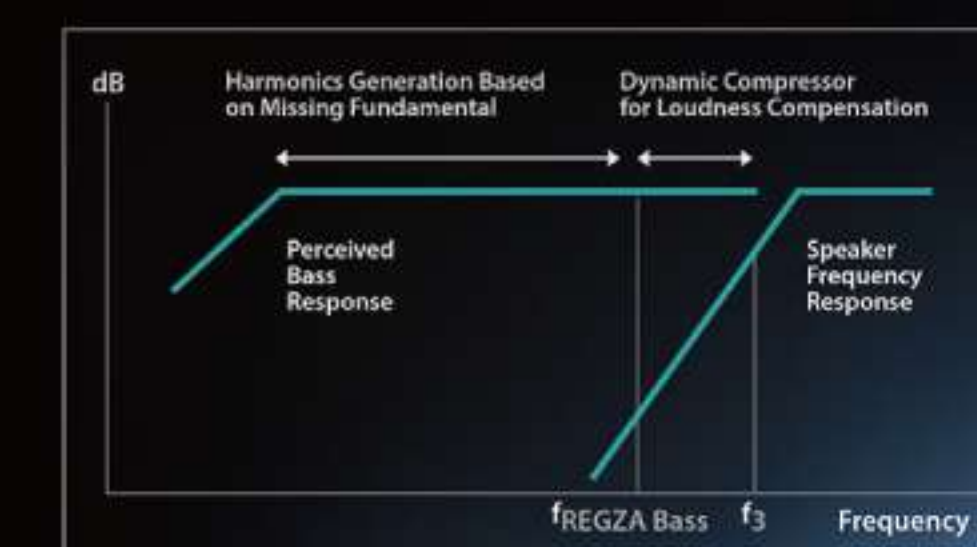

With "exciter" inside the screen, dynamic sound synchronously follows objects as they move, delivering truly accurate sound from the screen, and making you feel a truly immersive experience without delay.

Tru Bass Processor

REGZA psychoacoustic bass enhancement technology

Tru Bass Processor, as a part of REGZA Power Audio Extreme, uses the psychoacoustic bass enhancement technology. It stimulates the human's sound listening mechanism not only from physical or acoustic mechanisms but also from psychological mechanisms. As a result, you can experience the extreme bass sound beyond the hardware can produce.

REGZA Power Audio PRO+

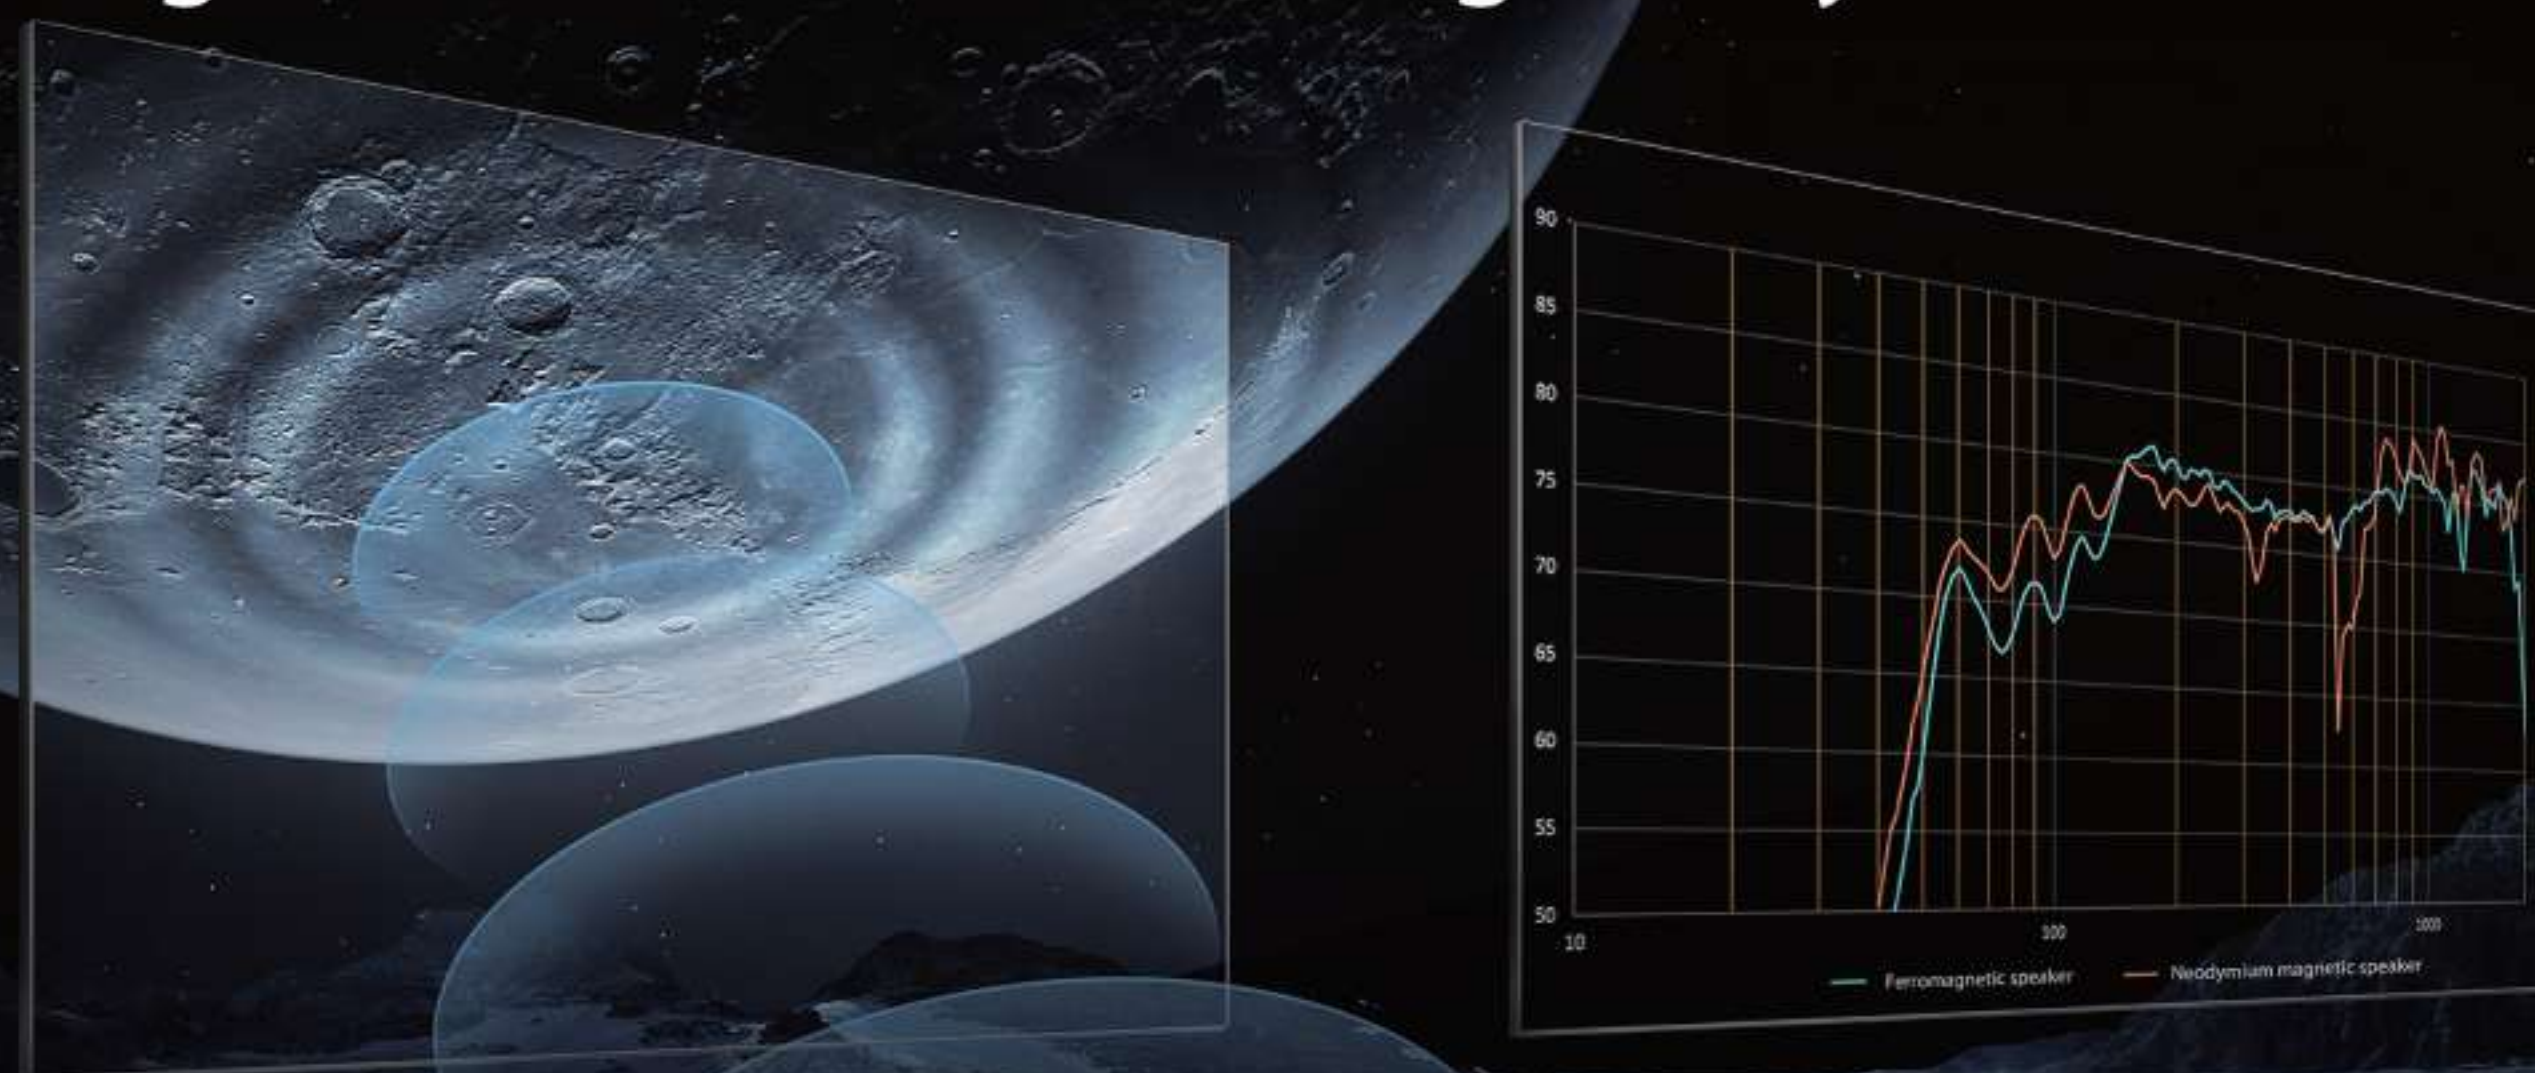

Embrace the symphony of beats and sonic immersion

REGZA Power Audio Pro+ comes with well-crafted "REGZA bass woofer pro", Tru Bass Booster, up-firing speakers, and advanced audio software technologies. The powerful set of speakers are fully tuned by the optimized amplifier to reproduce the reality and impact of every scene. Its deep yet clear sound adds a soul-stirring spectacular to every scene, for a more realistic breath-taking experience.

REGZA Bass Woofer Pro

Heart-shaking bass sound, soul-stirring reality

REGZA Bass woofer pro is the Toshiba unique bass enhancement technology. REGZA Bass System uses Tru Bass Booster to enhance the SPL (sound pressure level), bass response efficiency, and the perception of bass frequencies to provide a deep, rich and powerful bass effect. As a result, you can enjoy the extrem bass sound and soul- stirring reality.

ZR 360 Surround Upscaling

Experience audio that wraps around your senses

Step into the heart of the action with 360 Surround Upscaling, featuring Toshiba's ZR algorithm and Dolby Atmos for advanced 3D sound. Become a part of the conversation, with voices coming from all directions, or become completely immersed in the landscape of a fantasy world where nature comes alive all around you. Transform your movies, music, and gaming sessions into truly captivating sensory experiences.

Front Firing Speaker

Vibrant immersive sound with Front Firing Speaker

Front Fring Speaker transmits sound to every corner of your room, bringing an immersive stereophony directly to your ears. Immerse yourself in whatever you're watching, as if you were at the scene, getting a true heart-shaking audio experience.

Tru Bass Booster

Powerful bass and clear natural voices with our meticulously fine-tuned audio system

Enter a world of powerful sound and crystal-clear vocals. Feel the rush of audio that brings every scene to life. The dramatic REGZA Bass Woofer offers deep, resonant bass that shakes the room with REGZA Power Audio Pro, while the meticulously fine-tuned amplifiers and dual clear direct speakers ensure vocal are heard with perfect clarity.

REGZA ZR DISPLAY

Maximum clarity in every environment

With the Pure-View Display, nothing gets in the way of the action. The wide-viewing angle means you'll always get the best seat in the house even behind the sofa. While the low reflection screen reduces glare from natural and artificial light. Giving you the best picture possible from any position, at any time of day.

Experience the maximum performance of HDR content

Dolby Vision HDR. HDR10. HDR10+. HLG. TVs deliver pictures in a wide variety of formats. To ensure you can always watch your favourite content in the best quality possible, the Z870 features a Total HDR Solution. Supporting all major HDR formats to bring incredible detail with a wider color and brightness range.

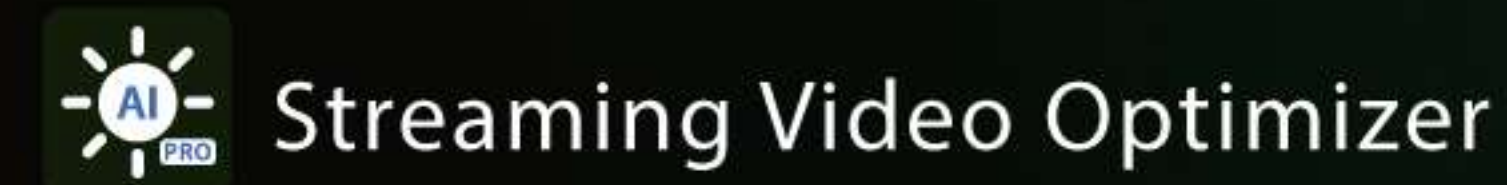

Experience crisp detail and contrast

Dynamic Tone Mapping analyzes the picture on a frame-by-frame basis and automatically adjusts the brightness. Delivering true-to-life images so you'll never lose any details, whether it's something in the shadows or the vibrant colours of a festival.

Super smooth streaming

Let nothing ruin your boxset binge. The Z870's advanced upscaling technology eliminates any color banding caused by streaming for a smoother and clearer picture. Ensuring your favourite shows (and guilty pleasures) always look as they're meant to.

Vivid colours and optimal brightness in any environment

The morning news. Late night movies. No matter what you're watching, or when, AI Auto View Pro adapts the Z870's picture to suit your room's conditions. Adjusting colors and contrast automatically to bring you incredible images, even when the light keeps changing.

Minimize reflection and glare, day and night

Better visibility from all angles with non-glare panels that minimize reflection, no matter what time, allowing you to get clear and effortless viewing experience, such as watching stock information, weather, etc.

See vivid, clear picture at any position

Wide Viewing Angle enables you to enjoy your TV with accurate color and more clear details, no matter where you sit, so you'll always have a great viewing experience.

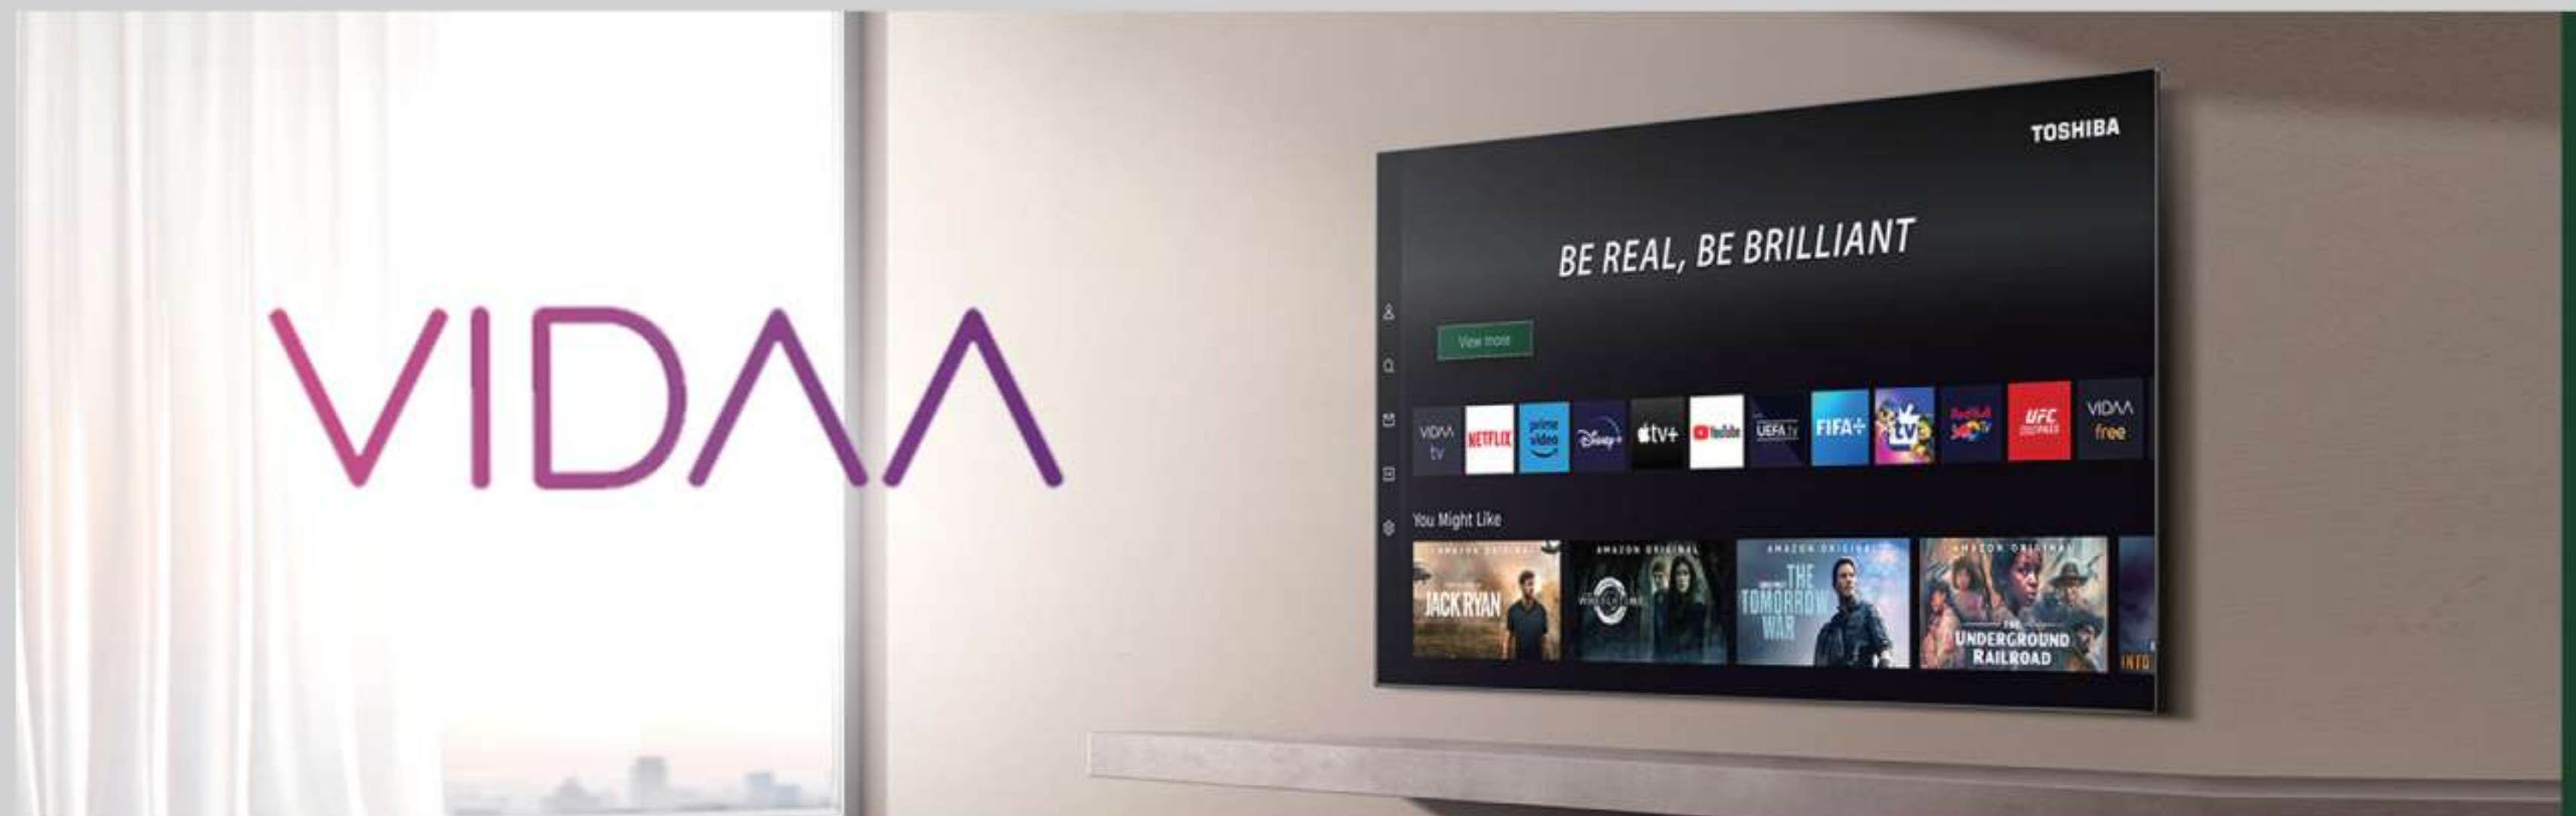

Smart Experience

The smart operating system, fully equipped

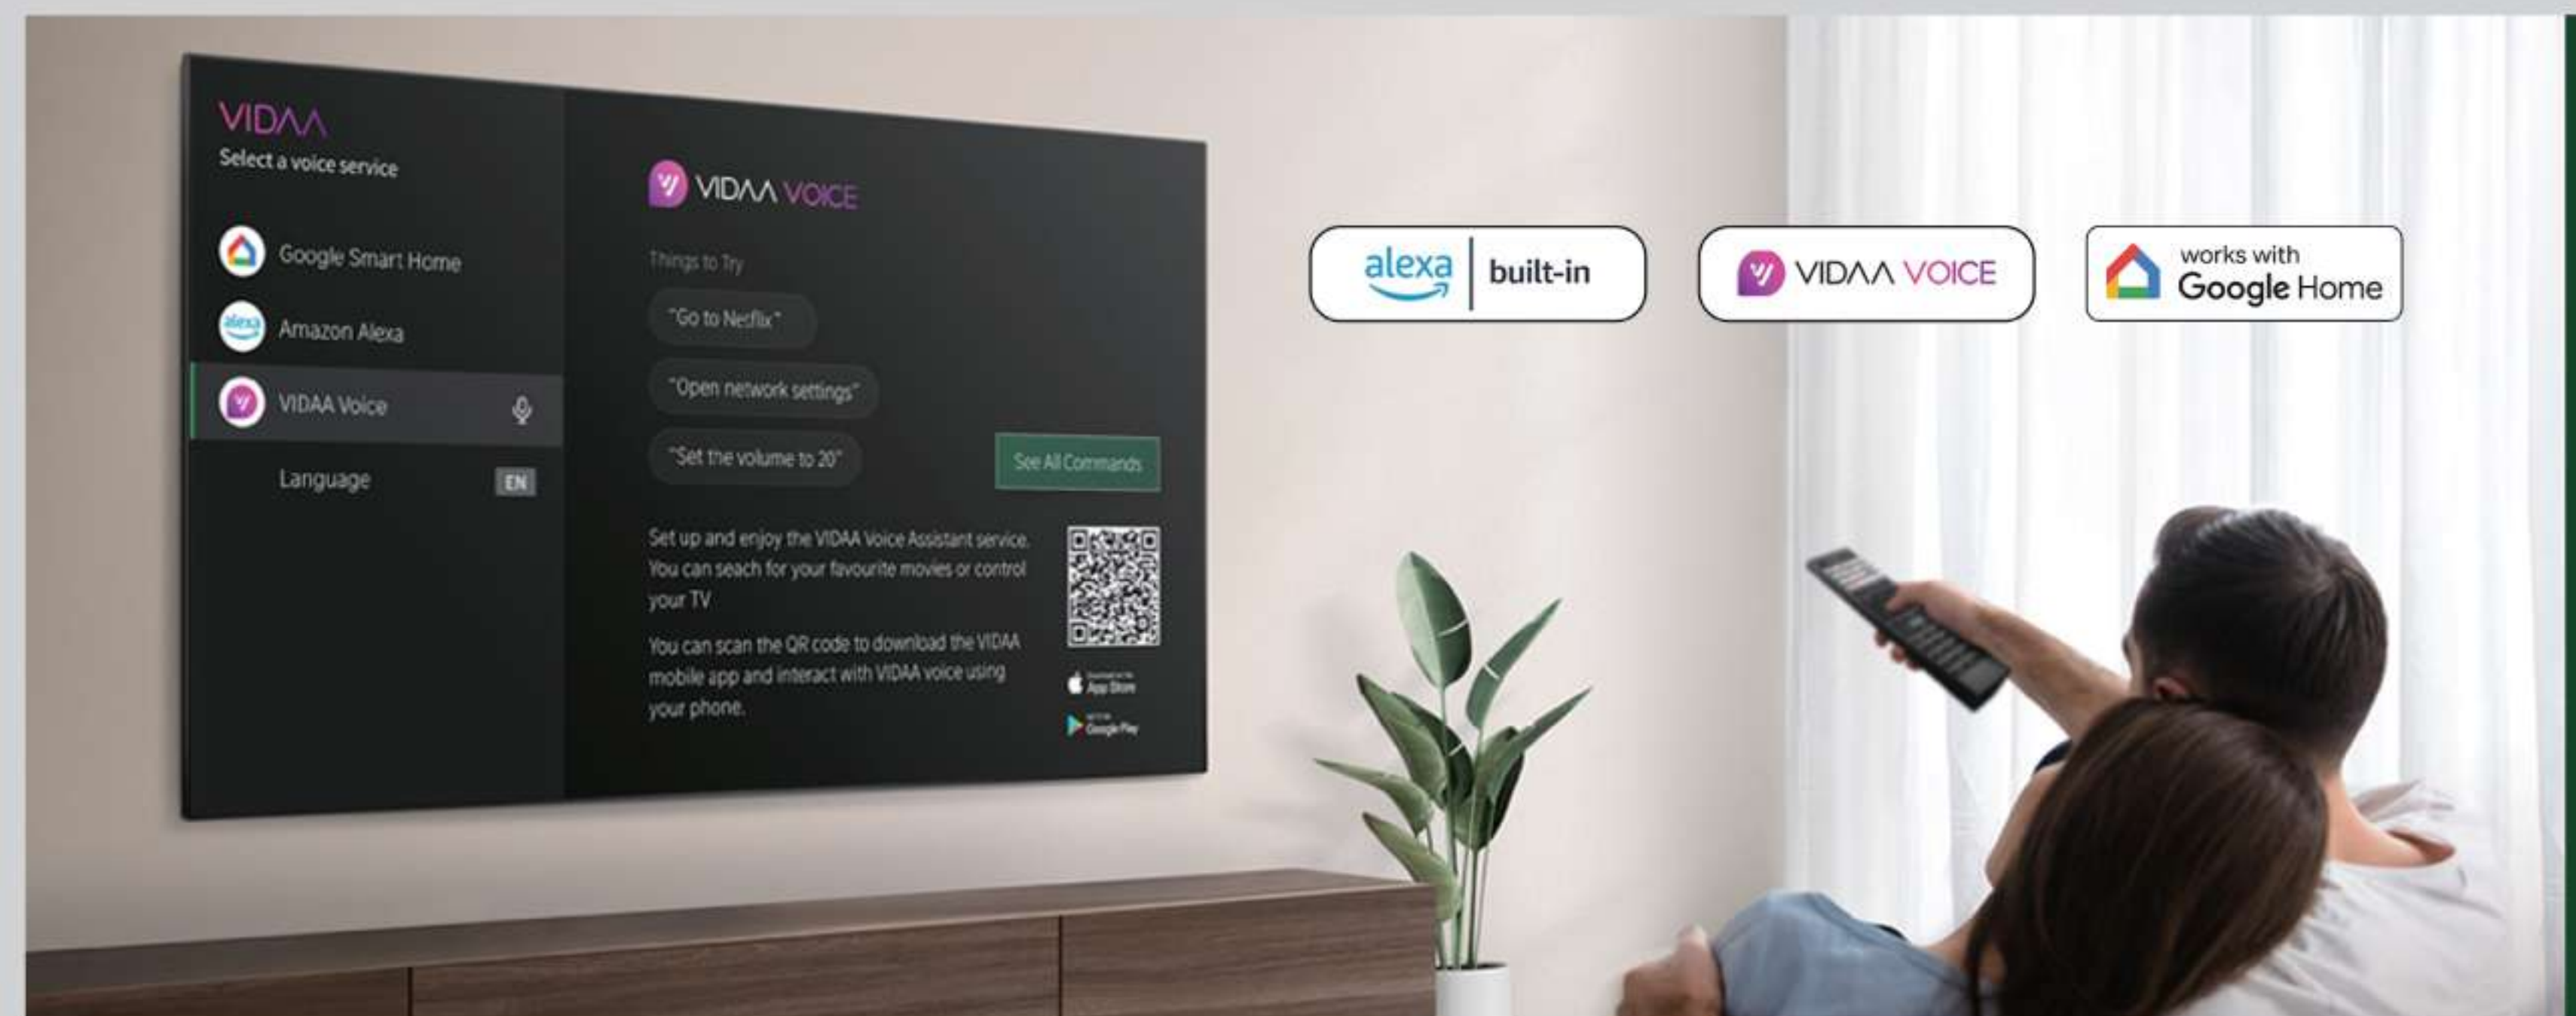

Select your preferred voice assistant

VIDAA

Make your TV experience effortless with your preferred voice assistant. From TV search to navigation, Alexa, Google Home, or VIDAA Voice ensures easy access to your favorite TV entertainment and smart home control. With VIDAA, you have a choice.

Easy. Fast. Secure. Global and Local Entertainment

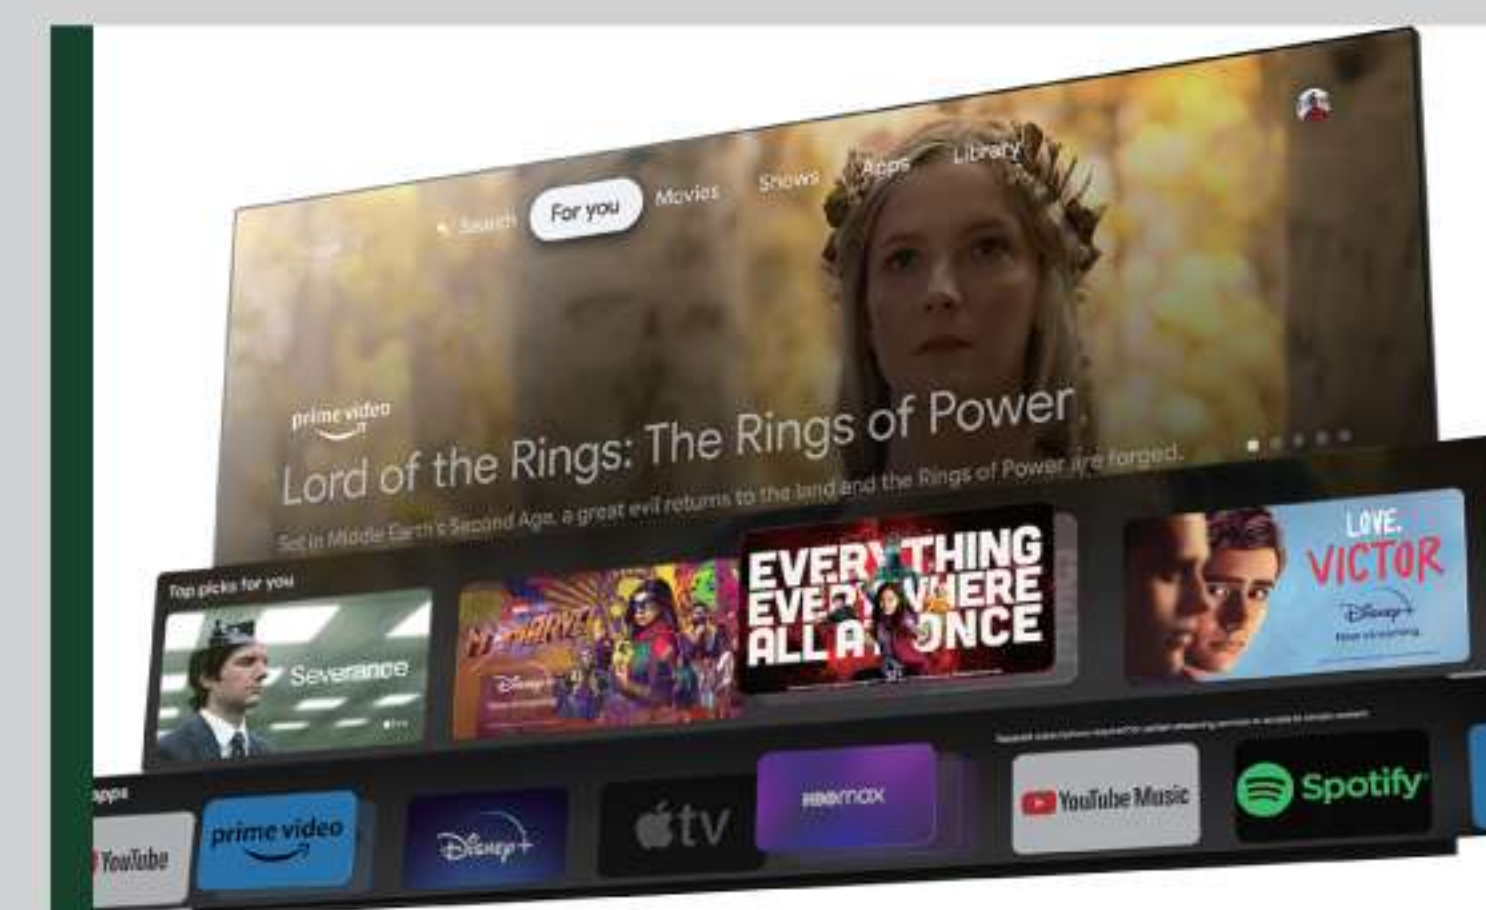

Welcome to the future of TV! Our state-of-the-art operating system seamlessly unifies your favorite international and local content, tailored to your unique preferences and easy to find. Immerse yourself in a world of endless entertainment, featuring top-rated shows, blockbuster movies, and more - all personalized and conveniently accessible. Upgrade your viewing experience today and take control of your entertainment options!

androidtv

Android TV™ gives you a smarter, easier way to get more from your TV

Simplify your entertainment experience with Android TV. Discover 400,000+ movies and shows in one place. Ask Google to control your TV with your voice. And cast your photos, videos, and music from devices to your TV easily with Chromecast built-in™.

Google TV

What you want to watch, all in one place

Browse 400,000+ movies and TV episodes from across your streaming services, all in one place and organized into topics and genres based on what interests you.

A world made just for kids

Helping you guide kids to age-appropriate content, in a space that's all their own. Set kid-friendly filters for apps, movies and shows. Limit how long they can watch and easily set bedtimes.

Watch what you love, control it with your voice

Your TV is more helpful than ever. Ask Google to find movies, stream apps, play music, and control the TV - all with your voice. Even get answers, control smart home devices, and more. Press the Google Assistant button on the remote to get started.
